BioOne Complete (complete.BioOne.org) is a full-text database of 200 subscribed and open-access titles in the biological, ecological, and environmental sciences published by nonprofit societies, associations, museums, institutions, and presses.

Your use of this PDF, the BioOne Complete website, and all posted and associated content indicates your acceptance of BioOne's Terms of Use, available at www.bioone.org/terms-of-use.

Usage of BioOne Complete content is strictly limited to personal, educational, and non - commercial use. Commercial inquiries or rights and permissions requests should be directed to the individual publisher as copyright holder.

BioOne sees sustainable scholarly publishing as an inherently collaborative enterprise connecting authors, nonprofit publishers, academic institutions, research libraries, and research funders in the common goal of maximizing access to critical research.

INSTRUCTIONS TO AUTHORS

AT LEAST ONE AUTHOR must be a member of the Florida Entomological Society. Contact the Business Manager, Teresa DuChene, P. O. Box 1007, Lutz, FL 33548-1007; Phone (813) 903-9234, FAX (813) 979-4908, Email: flaentsoc@gmail.com

AN ORIGINAL MANUSCRIPT as an electronic version in Microsoft Word should be submitted as an e-mail attachment or on a CD to Dr. Waldemar Klassen, editor.flaentsoc@gmail.com. **A PAPER COPY IS NOT NECESSARY**. Manuscripts may be assigned to an Associate Editor. In preparing a manuscript, authors should be guided by the Florida Entomologist Manuscript Template, which is posted on the Society's home page: http://www.flaentsoc.org/auinstr.htm .

TITLE PAGE: Place name, address, e-mail address, and phone number of author designated to process revisions and review proofs in upper right corner and suggested running head (60 characters or spaces or less) in upper left corner. Order and Family of key organisms should be included in title, but omit authority for scientific names in title.

ABSTRACT: Submit an abstract in English and resumen in Spanish, or Portuguese. The Editor will obtain a translation if author cannot. Include the complete scientific name and authority for name of all pertinent organisms. KEY WORDS: 4-6 below the Abstract. Do not repeat words in the title.

TEXT: Follow a general format of introduction (no head), MATERIALS AND METHODS, RESULTS, DISCUSSION. Use metric measurements; express quantities as Arabic numerals except as the first word of a sentence or to avoid ambiguity. Manuscripts in systematics must have an introduction. Taxonomic keys should use the format of vol. 72(2) (1989). Descriptions of new taxa should contain information that will distinguish them from related taxa including appropriate amendment of existing keys. Formal descriptions of taxa may be telegraphic; use of gender symbols is acceptable except for headings. Abbreviate collection dates with Roman numerals for months and Arabic numerals for days and years: 30-IV-1947.

CITATIONS IN TEXT: Use the name-date format: Jones (1986); (Jones 1986); Jones & Smith (1986); (Jones & Smith 1986); Jones (in press); (A.F. Jones, Dept. Zoology, Ohio State University, personal communication). Use "et al." for 3 or more authors. Provide evidence of acceptance for works "in press", otherwise cite as "unpublished" or "personal communication." Provide written permission from personal communicants.

ACKNOWLEDGMENTS: Place disclaimers, journal series numbers, funding sources, address changes other than correspondent, etc. here.

REFERENCES CITED: **Important format change: Put initials of ALL authors after the last (family) name. Example:** JONES, B. J., AND SMITH, C. A. 2008…. Include all source material cited in the manuscript. Provide all information that would allow retrieval of the material. Do not abbreviate place names in journal citations (Florida Entomol, Folia Mexicana), otherwise use the abbreviations found in the Council of Biological Editors Style Manual or Biological Abstracts List of Serials with Title Abbreviations. All author names are to be in uppercase.

TABLES AND FIGURES: **Submit all figures and photographs as .tiff (preferred) or jpg files.** All figures and tables must be referenced in the text with Arabic numerals **in the order in which they appear in the text**. Table footnotes are written below the table and indicated as superscript Arabic numerals. Table legend in uppercase. All captions for figures are listed together on a separate page. All illustrations must be complete and final. Make a composite figure if numerous line drawings or photographs are needed; do not combine photographs and drawings in the same figure.

SCIENTIFIC NOTES: Short contributions with a maximum text length of 1000 words. Not more than 2 figures and/or tables. Submit a title page and text in logical scientific order without any headings except "Summary" and "References Cited." Summary should be "abstract-like" and located at end of text.

CHARGES: $58 per printed page with a surcharge of $26 per figure or table. Reprints are available; order forms with the current price schedule are sent with proofs. IFWA (Immediate Free Web Access), regular article - $100.00, scientific notes -$50.00.

ELECTRONIC REPRINTS: Internet publication of all articles is included in the page charges. Persons with access to the Web can read or print high quality photocopies at any time and without charge.

INFOLINKS: For $45, a hyperlink will be inserted in the online table of contents that accesses the author's article (see http://purl.fcla.edu/fcla/entomologist/browse).

LISTING NAMES FOR AUTHOR INDEX: The corresponding author of each manuscript is requested to provide a separate listing of the names of all co-authors with each family name first followed by all other names or initials in the desired order.

ASSISTANCE TO PREPARE MANUSCRIPTS: Manuscript preparation templates are available at http://flaentsoc.org/auinstr.htm. Also, for authors who need assistance to prepare manuscripts for publication in the Florida Entomologist, the Florida Entomological Society has arranged for Dr. Verena Lietze, owner of *Bioscience Translation LLC*, to do so at a special rate. Dr. Lietze specializes in helping authors who publish in English as their second language, and her work as a science editor is described at *www.biosciencetranslation.com*. Her email address is *verena@biosciencetranslation.com*

CONTENTS (Continued)

MEDAL, JULIO AND ANDREW SANTA CRUZ—New Record o Predation on Adult *Diaprepes abbreviatus* (Coleoptera: Curculionidae) by *Euthyrhynchus floridanus* and *Podisus maculiventris* (Heteroptera: Pentatomidae) 830
TYLER-JULIAN, KARA, JOE FUNDERBURK AND LAURENCE MOUND—*Megalurothrips Distalis* (Thysanoptera: Thripidae) Breeding in the Flowers of Kudzu in Florida 835
NASCIMENTO LEMOS, LAILSON DO, RICARDO ADAIME, CRISTIANE RAMOS DE JESUS-BARROS, EZEQUIEL DA GLÓRIA DE DEUS—New Hosts of *Bactrocera carambolae* (Diptera: Tephritidae) in Brazil 841
SPERANZA, STEFANO, ENZO COLONNELLI, ANTONIO PIETRO GARONNA AND STEFANIA LAUDONIA—First Record of *Anthonomus eugenii* (Coleoptera: Curculionidae) in Italy 844
FORNAZIER, MAURÍCIO JOSÉ, DAVID DOS SANTOS MARTINS, DÉBORA LORENÇÃO FORNAZIER, LETÍCIA HENRIQUE AZEVEDO, JOSÉ SALAZAR ZANUNCIO JR AND JOSÉ COLA ZANUNCIO—Range Expansion of the Litchi Erinose Mite *Aceria litchii* (Acari: Eriophyidae) in Brazil 846
WEIDNER, LAUREN M., JEFFERY K. TOMBERLIN AND GEORGE C. HAMILTON—Development of *Lucilia coeruleiviridis* (Diptera: Calliphoridae) in New Jersey, USA 849
CAVALLERI, ADRIANO, MARIA GORETTI A. DE LIMA, PEDRO L. LUIZ AND ALINE A. P. L. PEREIRA—The First Record of *Psydrothrips kewi* (Thysanoptera: Thripidae) in South America, with Notes on its Damage on Calla Lily (Alismatales: Araceae) 852
MURÚA, M. GABRIELA, FRANCO S. SCALORA, FERNANDO R. NAVARRO, LUCAS E. CAZADO, AUGUSTO CASMUZ, M. ELVIRA VILLAGRÁN, ENRIQUE LOBOS AND GERARDO GASTAMINZA—First Record of *Helicoverpa armigera* (Lepidoptera: Noctuidae) in Argentina 854
ORDAZ-GONZÁLEZ, EDITH LORENA, ARMANDO EQUIHUA-MARTÍNEZ, IMELDA LEÓN-GARCÍA, ROBERT W. JONES, AGUSTÍN ARAGÓN, RACIEL HERNÁNDEZ HERNÁNDEZ AND SANTIAGO VERGARA PINEDA—Species of *Sphenophorus* (Coleoptera: Dryophthoridae) Associated with Golf Courses in Mexico 857
JOHNSON, C. W., R. S. CAMERON, J. L. HANULA AND C. BATES—The Attractiveness of Manuka Oil and Ethanol, Alone and in Combination, to *Xyleborus glabratus* (Coleoptera: Curculionidae: Scolytinae) and Other Curculionidae 861
