The cumulative database for this series is available in searchable form on the World Wide Web at: [http://www.toyen.uio.no/botanisk/bot-mus/lav/sok\\_rll.htm](http://www.toyen.uio.no/botanisk/bot-mus/lav/sok_rll.htm)

I owe thanks to Bill Buck for providing copies of papers from several difficult-to-find periodicals, and also to the numerous cooperating authors who continue to send their reprints for inclusion in this series.
