BioOne Complete ([complete.BioOne.org](https://complete.BioOne.org)) is a full-text database of 200 subscribed and open-access titles in the biological, ecological, and environmental sciences published by nonprofit societies, associations, museums, institutions, and presses.

Your use of this PDF, the BioOne Complete website, and all posted and associated content indicates your acceptance of BioOne's Terms of Use, available at [www.bioone.org/terms-of-use](https://www.bioone.org/terms-of-use).

Usage of BioOne Complete content is strictly limited to personal, educational, and non - commercial use. Commercial inquiries or rights and permissions requests should be directed to the individual publisher as copyright holder.

---

BioOne sees sustainable scholarly publishing as an inherently collaborative enterprise connecting authors, nonprofit publishers, academic institutions, research libraries, and research funders in the common goal of maximizing access to critical research.

## ERRATA

In the article TANANI, M. A., K. S. GHONEIM AND KH. SH. HAMADAH—Comparative Effects of Certain IGRs on the Carbohydrates of Hemolymph and Fat Body of the Desert Locust, *Schistocerca gregaria* (Orthoptera: Acrididae). Florida Entomol. 95(4): 928-935, the following footnotes should be inserted in Tables 4 and 5, respectively:

Table 4 footnote - Conc.: concentration; mean  $\pm$  SD followed with the letter (a): is not significantly different ( $P > 0.05$ ), (b): significantly different ( $P < 0.05$ ), (c): highly significantly different ( $P < 0.01$ ) and (d): very highly significantly different ( $P < 0.001$ ). =: adults died.

Table 5 footnote - Conc.: concentration; mean  $\pm$  SD followed with the letter (a): is not significantly different ( $P > 0.05$ ) and (b): significantly different ( $P < 0.05$ ). =: adults died.

In the article OLMSTEAD, DANIEL L. AND ANTHONY M. SHELTON. 2012. Evaluation of Insecticide Chemistries against the Leek Moth (Lepidoptera: Acrolepiidae), a New Pest in North America. Florida Entomol. 95(4): 1127-1131, values in the third column, "Rate g (AI)/ha," of table 1 are incorrect. The correct values, in descending order, are 35.0 (Warrior II), 87.6 (Radiant SC), 1008.8 (Lannate LV), 73.1 (Coragen SC), 168.1 (Entrust), 1120.8 (Agree WG), 20.8 (Neemix 4.5), and 605.3 (DiPel DF). The label rates in the second column are correct as printed. The errors reported in the third column do not affect reported results on mortality in columns 4 through 6.
