BioOne Complete (complete.BioOne.org) is a full-text database of 200 subscribed and open-access titles in the biological, ecological, and environmental sciences published by nonprofit societies, associations, museums, institutions, and presses.

Your use of this PDF, the BioOne Complete website, and all posted and associated content indicates your acceptance of BioOne's Terms of Use, available at www.bioone.org/terms-of-use.

Usage of BioOne Complete content is strictly limited to personal, educational, and non - commercial use. Commercial inquiries or rights and permissions requests should be directed to the individual publisher as copyright holder.

BioOne sees sustainable scholarly publishing as an inherently collaborative enterprise connecting authors, nonprofit publishers, academic institutions, research libraries, and research funders in the common goal of maximizing access to critical research.

Publication Policy

Mountain Research and Development (MRD) publishes articles by authors from many disciplines associated with mountain environments, resource development, and human welfare. MRD is published quarterly. Articles must be previously unpublished (including Internet).

Manuscripts submitted for publication in the research section are peer-reviewed by at least two referees. MRD is indexed in the Science Citation Index, Current Contents/Agriculture, Biology and Environmental Sciences, Geo Abstracts, C.A.B. International Series Checklist, AGRICOLA databases, Meteorological and Geostrophical Abstracts (MGA), CABS (Current Awareness in Biological Sciences), and others.
