BioOne Complete (complete.BioOne.org) is a full-text database of 200 subscribed and open-access titles in the biological, ecological, and environmental sciences published by nonprofit societies, associations, museums, institutions, and presses.

Your use of this PDF, the BioOne Complete website, and all posted and associated content indicates your acceptance of BioOne's Terms of Use, available at www.bioone.org/terms-of-use.

Usage of BioOne Complete content is strictly limited to personal, educational, and non - commercial use. Commercial inquiries or rights and permissions requests should be directed to the individual publisher as copyright holder.

BioOne sees sustainable scholarly publishing as an inherently collaborative enterprise connecting authors, nonprofit publishers, academic institutions, research libraries, and research funders in the common goal of maximizing access to critical research.

ERRATA

Volume 21 No. 1 (2004), in the article “Notes on a discrepancy in mitochondrial DNA and allozyme differentiation in a pond frog *Rana nigromaculata*” by Jong-Bum Kim, Masafumi Matsui, Jung-Eun Lee, Mi-Sook Min, Jae-Hwa Suh and Suh-Yung Yang, page39–42.

In contents of Vol. 21, No. 1, this article was classified into Behavior Biology by mistake. It should be classified into Animal Diversity and Evolution.
