BioOne Complete (complete.BioOne.org) is a full-text database of 200 subscribed and open-access titles in the biological, ecological, and environmental sciences published by nonprofit societies, associations, museums, institutions, and presses.

Your use of this PDF, the BioOne Complete website, and all posted and associated content indicates your acceptance of BioOne's Terms of Use, available at www.bioone.org/terms-of-use.

Usage of BioOne Complete content is strictly limited to personal, educational, and non - commercial use. Commercial inquiries or rights and permissions requests should be directed to the individual publisher as copyright holder.

BioOne sees sustainable scholarly publishing as an inherently collaborative enterprise connecting authors, nonprofit publishers, academic institutions, research libraries, and research funders in the common goal of maximizing access to critical research.

JCR External Peer Reviewers 2019

Over 565 external peer reviewers from 57 different countries have generously donated their time to the *Journal of Coastal Research* (JCR) to conduct the thorough evaluation of manuscripts. This review process includes providing comments and recommendations to the Editor-in-Chief concerning the ultimate disposition of submitted materials to the JCR. We acknowledge with great appreciation the following reviewers who have served as specialists outside of our own JCR Editorial Board and truly thank them for all their support.
