BioOne Complete (complete.BioOne.org) is a full-text database of 200 subscribed and open-access titles in the biological, ecological, and environmental sciences published by nonprofit societies, associations, museums, institutions, and presses.

Your use of this PDF, the BioOne Complete website, and all posted and associated content indicates your acceptance of BioOne's Terms of Use, available at www.bioone.org/terms-of-use.

Usage of BioOne Complete content is strictly limited to personal, educational, and non - commercial use. Commercial inquiries or rights and permissions requests should be directed to the individual publisher as copyright holder.

BioOne sees sustainable scholarly publishing as an inherently collaborative enterprise connecting authors, nonprofit publishers, academic institutions, research libraries, and research funders in the common goal of maximizing access to critical research.

Thank you to our reviewers

The Editors – Andy and Margie – and the *JFMS Open Reports* editorial team (Margaret, Abi and Hannah) would like to extend their sincere thanks to all of the following people who have been so helpful in reviewing papers for *JFMS Open Reports* in 2020. During such an unusual and stressful year, in which everyone had to work extraordinarily hard and learn new ways to provide care and education, the *JFMS Open Reports* team are especially grateful that the reviewers still made time to provide their expertise. They also thank all of the editorial board for their support over the year and apologise to anyone who has inadvertently been missed from this list.
