BioOne Complete ([complete.BioOne.org](https://complete.BioOne.org)) is a full-text database of 200 subscribed and open-access titles in the biological, ecological, and environmental sciences published by nonprofit societies, associations, museums, institutions, and presses.

Your use of this PDF, the BioOne Complete website, and all posted and associated content indicates your acceptance of BioOne's Terms of Use, available at [www.bioone.org/terms-of-use](https://www.bioone.org/terms-of-use).

Usage of BioOne Complete content is strictly limited to personal, educational, and non - commercial use. Commercial inquiries or rights and permissions requests should be directed to the individual publisher as copyright holder.

---

BioOne sees sustainable scholarly publishing as an inherently collaborative enterprise connecting authors, nonprofit publishers, academic institutions, research libraries, and research funders in the common goal of maximizing access to critical research.

# BULLETIN OF THE AMERICAN MUSEUM OF NATURAL HISTORY

## ERRATUM

Although every effort is made to minimize printed errors in our publication series, a few inevitably escape our attention. The following substantive correction applies to Bulletin number 296, issued February 16, 2006:

Title page (page 1):

In the title, for "ORYZOMINE" read "ORYZOMYINE"

The error occurred in the editorial process and was not the fault of the author.
