DIRECTION DU DÉVELOPPEMENT ÉCONOMIQUE ET DE L'ENVIRONNEMENT – DDE-E (ENVIRONMENT AND ECONOMIC DEVELOPMENT DIVISION)

The mission of the DDEE is to structure and assist the economic development of Province Nord with respect and valorization of the environment which is taken into account at the early phases of project design and development. The DDEE helps local development projects in accordance with structural projects. The DDEE provides technical support, reviews funding requests, and develops and implements pertinent regulations. Within the DDEE, the Aquaculture and Fisheries Service implements politics on aquaculture and fisheries at the provincial level. This service also provides support to the Environmental Service on management of marine resources. The Environmental Service, based at DDEE, has a cross-cutting coordination mission within the Province and implements environmental actions and measures to protect the natural heritage.
