FEATURE ARTICLES

Factors Influencing Species Richness and Community Composition of Breeding Birds in a Desert Riparian Corridor

L. Arriana Brand, Gary C. White, and Barry R. Noon .................................................. 199

Influence of Moisture on Density and Distribution of Grassland Birds in North Dakota

Neal D. Niemuth, John W. Solberg, and Terry L. Shaffer .................................................. 211

Does Urbanization Filter Birds on the Basis of Their Biological Traits?

Soline Croci, Alain Butet, and Philippe Clergeau .............................................................. 223

Sources of Variation in Survival, Recruitment, and Natal Dispersal of the Hawai‘i ‘Elepaio

Eric A. VanderWerf .................................................................................................................. 241

Adult and Juvenile Survival of Black-capped Vireos within a Large Breeding Population in Texas

Richard M. Kostecke and David A. Cimprich ................................................................. 251

Spatial Ecology of Wintering Accipiter Hawks: Home Range, Habitat Use, and the Influence of Bird Feeders

Timothy C. Roth II, William E. Vetter, and Steven L. Lima ............................................. 260

Time of Day and Flightiness in Flocks of Semipalmated Sandpipers

Guy Beauchamp and Graeme D. Ruxton ................................................................................. 269

Captive Breeding Reduces Brain Volume in Waterfowl (Anseriformes)

Patrick-Jean Guay and Andrew N. Iwaniuk ......................................................................... 276

Reevaluating Marine Diets of Surf and White-winged Scoters: Interspecific Differences and the Importance of Soft-Bodied Prey

Eric M. Anderson, James R. Lovvorn, and Matthew T. Wilson ........................................ 285

Timing and Distance of King Eider Migration and Winter Movements

Steffen Oppel, Abby N. Powell, and D. Lynne Dickson ......................................................... 296

Marine Distribution and Behavior of Juvenile and Adult Marbled Murrelets off Southwest Vancouver Island, British Columbia: Applications for Monitoring

Sarah N. P. Wong, Robert A. Ronconi, Alan E. Burger, and Bob Hansen .................................. 306

Time Budgets of Common Murres Vary in Relation to Changes in Inshore Capelin Availability

Sabina I. Wilhelm, Carolyn J. Walsh, and Anne E. Storey ...................................................... 316

Population Trends of Tundra-Nesting Birds at Cape Churchill, Manitoba, in Relation to Increasing Goose Populations

John E. Sammler, David E. Andersen, and Susan K. Skagen .................................................. 325

Ecomorphology of Migratory and Sedentary Populations of the Yellow-rumped Warbler (Dendroica coronata)

Borja Milá, Robert K. Wayne, and Thomas B. Smith ............................................................ 335

The Links between Plumage Variation and Nest-Site Occupancy in Male House Sparrows

Emily B. Morrison, Tria B. Kinnard, Ian R. K. Stewart, Joseph P. Poston, Margaret I. Hatch, and David F. Westneat .......................................................... 345

(Continued on inside back cover)
SHORT COMMUNICATIONS

Passerines are Sexually Dimorphic in Shape as Well as Size

ALEXANDER M. MILLS ................................................................. 354

Concordant and Discordant Signals between Genetic Data and Described Subspecies of Pacific Coast Song Sparrows

CHRISTIN L. PRUETT, PETER ARCESE, YVONNE L. CHAN, AMY G. WILSON,
MICHAEL A. PATTEN, LUKAS F. KELLER, AND KEVIN WINKER ......................... 359

Molt Scheduling of Western Neotropical Migrants and Up-Slope Movement of Cassin's Vireo

VANYA G. ROHWER, SIEVERT ROHWER, AND JESSIE H. BARRY ......................... 365

Using a Multimodel Approach to Estimate the Population Size of McKay's Buntings

STEVEN M. MATSUOKA AND JAMES A. JOHNSON ........................................ 371

Winter Survey Data Reveal Rangewide Decline in Evening Grosbeak Populations

DAVID N. BONTER AND MICHAEL G. HARVEY ........................................ 376

Occurrence and Implications of Double Brooding in a Southern Population of Tree Swallows

ADRIAN P. MONROE, KELLY K. HALLINGER, REBECCA L. BRASAO, AND DANIEL A. CRISTOL 382

Sex-Role Reversal in Song? Females Sing More Frequently than Males in the Streak-backed Oriole

J. JORDAN PRICE, LAILA YUNES-JIMÉNEZ, MARCELA OSORIO-BERISTAIN,
KEVIN E. OMLAND, AND TROY G. MURPHY ........................................ 387

The Effects of Food Supplementation on Extraterritorial Behavior in Female Northern Cardinals

SHEENA K. HUMBIRD AND DIANE L. H. NEUDORF ........................................ 392

BOOK REVIEWS

Speciation in Birds, by Trevor Price

ALLAN J. BAKER ........................................................................... 396

Silence of the Songbirds, by Bridget Stutchbury

ROBERT A. ASKINS ......................................................................... 398

Roger Tory Peterson: A Biography, by Douglas Carlson

WILLIAM E. DAVIS JR. ........................................................................ 399

Rare Birds of California, edited by Robert A. Hamilton, Michael A. Patten, and Richard A. Ericson

ALEXANDER E. KOONCE .................................................................. 400

Owls of the United States and Canada: A Complete Guide to Their Biology and Behavior, by Wayne Lynch

CARL D. MARTI ............................................................................... 402
