Closure of Cases

The following Cases, for which receipts as new applications to the Commission were published though the cases were never published in full, are now closed:

The following Cases were published as nomenclatural notes and are now closed:

*Plumulites ruskini* Lamont, 1978 (Machaeridia): proposed unavailability of the species name. Y. Candela. (Case 3654; acknowledgement of receipt published in BZN 71(1): 1). The author of the Case has since published an article that resolves the relevant nomenclatural issues (see *Scottish Journal of Geology*, 51: 31–42).

The published Case *Leucopelaea albescens* Bates, 1891 (Insecta, Coleoptera): proposed validation of the lectotype designation. A. Smith (Case 3237, acknowledgement of receipt published in BZN 59(2): 70; published in BZN 59(2): 97–98) has been closed without a vote. Following correspondence with the author, it has been determined that the lectotype designation is valid under the changes to Article 74.7.3 in Declaration 44 (see BZN 60(4): 263). The case is now closed.
