Declaration

Declaration 45 – Amendment to Article 73 .................................................... 96

Applications

Case 3705 – Mantis limbata Brullé, 1838 (currently Ameles limbatus) (Mantodea, Mantidae, Amelesidae): proposed conservation of the specific name. Wieland, F., Goldberg, J. & Schütte, K. .................................................................................. 98
Case 3717 – Xylophagidae Puchen, 1941 (Mollusca: Bivalvia): proposed emendation of the spelling to Xylophagidae to remove homonymy with Xylophagidae Fallén, 1810 (Insecta: Deptera). Coan, E.V., Carlton, J.T. & Evenhuis, N.L. ......................................... 103

Comments

Comment (Case 3601) – Some matters arising from the Case and the broader issues involved and the need to remove ambiguity in Chapter 3 of the Code. Cogger, H., Shea, G. & Couper, P. ......................................................................................... 106
Comment (Case 3613) – On the setting aside of Nyctimys cheesmani Tyler, 1964 in favour of Nyctimys cheesmaniae Tyler, 1964 (Amphibia, Anura, Nyctidae). Dubois, A. .................................................................................................................. 113
Comment (Case 3676) – On the proposed conservation of Tupinambus indicus Duain, 1802 by replacement of the neotype. Bennett, D. ........................................................................................................... 116
Comment (Case 3676) – On the proposed conservation of Tupinambus indicus Duain, 1802 by replacement of the neotype. Sweet, S.S. & Weijola, V. ........................................................................................................ 119
Comment (Case 3682) – Support for the proposed suppression for nomenclatural purposes of the work ‘The White-checked Geese’ by Harold C. Hanson. Rhenert, F. ........................................................................................................ 121
Comment (Case 3688) – On the proposed suppression of Chamarinae Gray, 1849 (Reptilia, Squamata, Serpentes): a counter-application. Pyron, R.A. ........................................................................................................ 124
Comment (Case 3700) – Support for the proposed designation of Diplodocus carnegii Hatcher, 1901 as type species of Diplodocus Marsh, 1878. Woodruff, C. ........................................................................................................ 127
Comment (Case 3700) – Support for designating Diplodocus carnegii Hatcher, 1901 as the type species of Diplodocus Marsh, 1878 (Dinosauria, Sauropoda). Lucas, S.G. ........................................................................................................ 128
Comment (Case 3700) – A statement against the proposed designation of Diplodocus carnegii Hatcher, 1901 as the type species of Diplodocus Marsh, 1878 (Dinosauria, Sauropoda). Mortimer, M. ........................................................................................................ 129
Comment (Case 3700) – On the proposed designation of Diplodocus carnegii Hatcher, 1901 being designated as the type species of Diplodocus Marsh, 1878 (Dinosauria, Sauropoda): application should be rejected based on new data. Demirjian, V.D. ........................................................................................................ 132
Comment (Case 3700) – Support for Diplodocus carnegii Hatcher, 1901 being designated as the type species of Diplodocus Marsh, 1878. Taylor, M.P. ........................................................................................................ 134
Comment (Case 3703) – A statement against the proposed designation of a neotype for Nautilus pompilius Linnaeus, 1758 (Mollusca, Cephalopoda, Nautilida). Gledall, J.G. ........................................................................................................ 136
Comment (Case 3703) – Response to a comment on the proposed designation of a neotype for Nautilus pompilius Linnaeus, 1758 (Mollusca, Cephalopoda, Nautilida). Nikolaeva, S.N., Saunders, W.B., Mapes, R. & Alcock, A.L. ........................................................................................................ 139
Comment (Case 3704) – Support for resolving the gender of the genus Lepisma Linnaeus, 1758. Palacios-Vargas, J.G. ........................................................................................................ 144

Republic of Singapore
(Tel. +65 6516 8364; Fax. +65 6774 8101; e-mail: iczn@nus.edu.sg)

Electronic communication is preferred. Manuscripts sent by post should include a digital copy of the text and figures.

INTERNATIONAL COMMISSION ON ZOOLOGICAL NOMENCLATURE

Officers
President
Dr T. Pape
Vice-President
Dr M. Harvey
Bulletin Editor-in-Chief
Dr M. Alonso-Zarazaga
Bulletin Assistant Editor-in-Chief
Dr N. L. Evenhuis

Members (Councillors indicated with *, Secretary-general indicated with **) are posted on the Commission's website (http://iczn.org).

Cover image: Nanophyes marmoratus (Goeze, 1777), known as the purple loosestrife weevil, illustrated by Mark Russell (published with his kind permission). The genus Nanophyes and its type species Nanophyes marmoratus were placed on the Official Lists of Generic and Specific Names in Zoology by rulings in Opinion 1126 (BZN 44: 67–49). The purple loosestrife weevil is an important biocontrol agent against the European weed Lythrum salicaria L. in North America and an exceedingly diverse species in colour pattern.

Rulings of the Commission

Opinion 2381 (Case 3629) – Vipera latatae Boscó, 1878 (Reptilia, Serpentes, VIPERIDAE): conservation of the original spelling. International Commission on Zoological Nomenclature

Opinion 2382 (Case 3637) – Conservation of the accustomed usage of Papilio phoebus De Prunner, 1798 by suppression of Papilio phoebus Fabricius, 1793 not approved (Insecta, Lepidoptera, PAPILIONIDAE). International Commission on Zoological Nomenclature

Opinion 2384 (Case 3641) – Ascabodes shenodaechys Lichtenstein, 1823 (currently Stenodactylus shenodaechys; Reptilia, Gekkota, GEKKONIDAE): conservation of current usage of the specific name by designation of a neotype. International Commission on Zoological Nomenclature

Opinion 2385 (Case 3642) – Amalia kalacinckenzii Clessin, 1883 (Gastropoda, Stylommatophora, MILACHIDAE): specific name conserved. International Commission on Zoological Nomenclature

Opinion 2386 (Case 3643) – Mutilla clytmemnestra Fox, 1899 (currently Dasymutilla clytmemnestra) and Mutilla clytmemnestra Périnéguy, 1899 (currently Mutilla dany Périnéguy, 1899) (Insecta, Hymenoptera, Aculeata, Vespidae, Mutillidae): current usage maintained. International Commission on Zoological Nomenclature

Opinion 2389 (Case 3656) – Cerambyx straitus Goeeze, 1777 (currently Dorcadion glycyrhiza straitus) and Cerambyx straitus Fabricius, 1778 (currently Chydrarctastes straitus) (Insecta, Coleoptera, CERAMBYCIDAE): specific names conserved. International Commission on Zoological Nomenclature

Opinion 2390 (Case 3658) – Calypthychnus baudini Lear, 1832 (AVES, CACILDIDAE): usage of specific name conserved by designation of a neotype. International Commission on Zoological Nomenclature

Opinion 2391 (Case 3660) – Anitope arabica Lichtenstein, 1827 (currently Gazella arabica; Mammalia, Ruminantia): conservation of part of the lectotype designated by Neumann (1906). International Commission on Zoological Nomenclature

Opinion 2392 (Case 3665) – Musa purpurascens Walker, 1836 (Insecta, Diptera, CALOPHYCIDAE): conservation of prevailing usage of the specific name by designation of a neotype. International Commission on Zoological Nomenclature

Opinion 2393 (Case 3667) – Paludina conica Prévost, 1821 (currently ‘Peringia’ conica) conserved by suppression of Paludina conica Féussac, 1814 (Gastropoda, Prosobranchia, HYDROBIIDAE). International Commission on Zoological Nomenclature

Opinion 2394 (Case 3668) – Conus antillarum Debrugière, 1792: prevailing usage of specific name conserved by setting aside the unidentifiable lectotype and replacing it with a neotype (Mollusca, Gastropoda, CONIDAE). International Commission on Zoological Nomenclature
