BioOne Complete (complete.BioOne.org) is a full-text database of 200 subscribed and open-access titles in the biological, ecological, and environmental sciences published by nonprofit societies, associations, museums, institutions, and presses.

Your use of this PDF, the BioOne Complete website, and all posted and associated content indicates your acceptance of BioOne's Terms of Use, available at www.bioone.org/terms-of-use.

Usage of BioOne Complete content is strictly limited to personal, educational, and non - commercial use. Commercial inquiries or rights and permissions requests should be directed to the individual publisher as copyright holder.

BioOne sees sustainable scholarly publishing as an inherently collaborative enterprise connecting authors, nonprofit publishers, academic institutions, research libraries, and research funders in the common goal of maximizing access to critical research.

CORRIGENDA

Correction of Peterson, C; Minor, R.; Gates, E.B.; Vanderburgh, S., and Carlisle, K., 2012. Correlation of tephra marker beds in the latest Pleistocene and Holocene fill of the submerged Lower Columbia River Valley, Washington and Oregon, U.S.A. *Journal of Coastal Research*, 28(6), 1362–1380.

Several values in the UTMe³ and UTMn³ columns of Appendix 2 are incorrect. These values have been corrected in the online version of this paper.

Correction of Erginal, A.E.; Ekinci, Y.L.; Demirci, A.; Avcioglu, M.; Öztürk, M.Z.; Türkeş, M., and Yiğitbaş, E., 2013. Depositional characteristics of carbonate-cemented fossil eolian sand dunes: Bozcaada Island, Turkey. *Journal of Coastal Research*, 29(1), 78–85.

The address of two of the authors was printed incorrectly. The correct address for Muhammed Zeynel Öztürk and Murat Türkeş is as follows:

Çanakkale Onsekiz Mart University
Department of Geography
17020 Çanakkale, Turkey

Allen Press apologizes for these errors.
