BioOne Complete ([complete.BioOne.org](https://complete.BioOne.org)) is a full-text database of 200 subscribed and open-access titles in the biological, ecological, and environmental sciences published by nonprofit societies, associations, museums, institutions, and presses.

Your use of this PDF, the BioOne Complete website, and all posted and associated content indicates your acceptance of BioOne's Terms of Use, available at [www.bioone.org/terms-of-use](https://www.bioone.org/terms-of-use).

Usage of BioOne Complete content is strictly limited to personal, educational, and non - commercial use. Commercial inquiries or rights and permissions requests should be directed to the individual publisher as copyright holder.

---

BioOne sees sustainable scholarly publishing as an inherently collaborative enterprise connecting authors, nonprofit publishers, academic institutions, research libraries, and research funders in the common goal of maximizing access to critical research.

## ERRATUM

Daily Weather and Tree Growth at the Tropical Treeline of North America. Franco Biondi, Peter C. Hartsough, and Ignacio Galindo Estrada 37(1): 16–24.

The caption for Figure 2 on page 18 is incomplete. It should read as follows: “Automated weather station installed at the tropical timberline of Nevado de Colima, Mexico. This photograph was taken by F. Biondi on 2 April 2002.”
