Figure 7 in the original paper (Uehara and Kume, 2012) contains an error. The figure and caption should be replaced with the following version.

**FIGURE 7.** The relationship between rainfall and altitude in 2007 and 2008. ● and solid line represent September 2007 ( $R^2 = 0.93$ ,  $y = 8.89x - 1432$ ). ○ and dotted line represent September 2008 ( $R^2 = 0.52$ ,  $y = 13.47x - 756$ ). Except for Jodo-daira, the rainfall data are from Honoki and Watanabe (2008) and Honoki et al. (2009).
