Catherine Wu, Chaiti Bhagawat, Modan R. Goldman, Nihal A. Punjabi, Debra M. Shier, Roxana P. Arauco-Aliaga, and Gregory F. Grether (2022) Aggression in a western Amazonian colonial spider, *Philoponella republicana* (Araneae: Uloboridae). *Journal of Arachnology* 50(3):277-287.

Table S2.—Median and interquartile range for counts of the response variables by treatments (same colony, near colony, distant colony) for inter-colony translocation experiment.

Explorations include leg taps and web vibrates combined.

Frequency	Control (median, interquartile range)	Near (median, interquartile range)	Far (median, interquartile range)
Aggressive interactions	1.5, 2	0.5, 1	1.0, 1.5
Non-aggressive interactions	0.5, 1.0	1.0, 1.75	1.0, 2.5
Total interactions	2.0, 3.5	1.0, 2.5	2.5, 2.75
Aggression initiated by translocated female	0, 1.0	0, 1.0	0, 1.0
Aggression initiated by colony member	0, 1.75	0, 0	0.5, 1.0
Approach initiated by translocated female	0, 1.75	1.0, 1.0	1.0, 2.0
Approach initiated by colony member	1.0, 1.5	0.5, 1.0	1.0, 2.25
Exploration initiated by translocated female	0.5, 1.0	0, 1.0	1.0, 10
Exploration initiated by colony member	1.0, 1.0	0, 0.75	1.0, 1.0
